

Ghost Dog

You will need: White and coloured card, stick or garden cane, white fabric 60cm x45cm, scissors, glue and stapler.

Start by folding your fabric in half along the 60cm edge, now trim off the corners to make them more rounded. Measure about 20cm along the folded edge of the fabric and make a small to push your cane/stick through.

Cut out shapes from template and place one of heads at the back of the fabric then Sellotape your stick in place use a stapler to attach the fabric to the head (2 should be plenty). Now glue on the second cut out head on top. Stick on ears, collar and nose to both sides of the head. Carefully draw on the eyes to finish your goth dog.
