

OLYMPIC HOOPLA GAME

You will need:

- 5 x paper plates or A4 sheets of card
- yellow/black/red/blue/green paint
- 3 x 500ml plastic bottles
- Gold and bronze paper and silver foil OR gold/silver/bronze paint and plain paper
- sellotape
- glue stick
- scissors
- some sand or small stones to partly fill the bottles with

How to make your Olympic Hoopla Game:

1. Cut the middle out of a paper plate so you have a ring shape - you need to do this five times for the five Olympic rings (I doubled up and stuck two rings together for each Olympic ring to make them stronger). If you don't have paper plates, then just use any cardboard you have e.g. cereal packets.

2. Paint the rings the Olympic colours - red/green/blue/yellow and black and then leave to dry.

3. Next take three plastic bottles and cover them with silver foil, gold paper and bronze paper (I didn't have this so used red paper instead), or cover them with paper painted gold/silver/bronze. Glue or sellotape the paper/foil securely onto the bottles.

4. Partly fill the bottles with sand or small stones, or anything to weigh them down so they are more stable.
5. Now you can enjoy playing your hoopla game – the winner is the player who gets most hooplas on the gold bottle!

Have fun playing Olympic Hoopla!
