

Rainbow twirler

1/ Print the circle template from the Cheshire west museum website - it's best to print onto thin card. If you don't have this, just print onto paper twice, and you can stick the two sides together. This will make the twirler stronger.

2/ Paint the template with rainbow colours - the brighter the better! if your template is printed onto card then paint one side, let it dry. Then paint the other side.

3/ When the paint is dry, cut template out - cut both out if you have printed template twice onto paper.

4/ Stick paper templates together so you have a rainbow pattern on each side.

5/ Using a pencil, draw a spiral pattern on one side of your template, and carefully cut along this line. You may have to ask someone to help with this.

6/ Punch hole in the very centre of the spiral and tie a piece of ribbon onto twirler.

7/ Hang twirler up so you can show off all it's lovely colours!

BE CREATIVE AND HAVE FUN!
