

Teddy Bear ears headband:

1/ Print the template off the website and cut the inner/outer ears and headband strips out

2/ Colour in the different parts of the ears and the headband

3/ Glue the inner ears onto the middle of the outer ears

4/ Glue or sellotape the two finished ears onto the inside of the headband - remember they must be facing out so they can be seen by others

5/ Size the headband round your head and staple it to the correct size - if you don't have a staple then please feel free to use sellotape.
