

Peg plane

You will need:

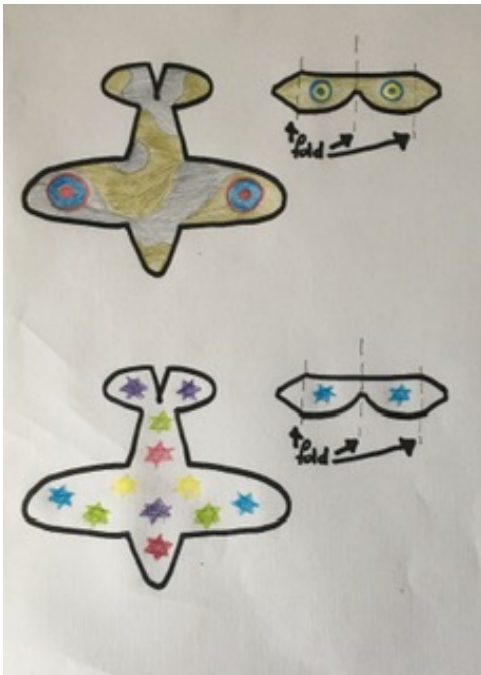

Printed out template

Old pegs

Colouring pencils

Scissors

Glue

Start by printing out templates and colouring in your planes with your favourite design.

Next you will need to cut out your plane and fold the plane tail along the fold lines.

Now you will need to cover one side of your peg with glue, then take the folded tail and place it on the end that you squeeze.

Place your cut out plane over the top of the tail and press down on to the peg, leave for the glue to dry.

you are ready to fine fun place to peg your plane.
