

UNDER THE SEA MOBILE

You will need:

- 1x completed rainbow fish weaving craft, 2 x foil fish and 1 x paper plate jellyfish craft (all templates and instructions are on the West Cheshire Museums website)
- A small branch (roughly 30cm long) from a tree or bush
- sharp pencil
- scissors
- string or wool
- sellotape
- green tissue paper
- blue cellophane

How to make your under the sea mobile:

1. Get your rainbow fish, foil fish and paper plate jellyfish ready.

2. Use a pencil to make a small hole at the top of the four creatures. Cut a length of string and thread it through the hole and round your branch. Tie both ends with a strong knot.

3. When you have tied your foil fish, woven rainbow fish and jellyfish onto your branch, add a bit of green tissue paper and blue cellophane to create the impression of seaweed and the sea.

Hang your mobile somewhere where the breeze can catch it and gently blow the foil to create a lovely tinkly sound. Have fun!
